# Cedar Class Curriculum Update

Summer 2025

## Mathematics

Now that we have made a start with learning our 2, 5 and 10 times tables, we are now focussing on using them to solve problems and consolidate our learning. Additionally, we will be learning about fractions, statistics, position and direction and we will be learning to tell the time. We will start by looking at o'clock, half past, quarter to and quarter past. Please encourage your child to practise these skills at home.

## Topic

Our Geography topic this term is '**Our Wonderful World**' during which children will learn to have an appreciation about our world by introducing natural and man-made wonders, as well as ancient and modern wonders.

In our History unit '**Our Local Heroes**' children will learn about the most significant people in the history of the local area.

## P.E.

P.E. days are Wednesday's and Friday's and we will hopefully be making the most of the weather to practise **Athletics** skills outside. Please ensure children have a named PE kit in school for these days.

## English

We are starting this term by looking at The story '**The Way Back Home**' by **Oliver Jeffers**. We will be focusing on sentence writing, punctuation and grammar. Other texts that we will look at include: '**Tom and the Island of Dinosaurs**' and a poem called '**The Sound Collector**'.

## Reading

Please do continue to listen to (discuss and **question**) your child when they read – this really does play a key role in further developing children's comprehension skills. This includes questioning when children are listening to you read as well.

Year 2 will be consolidating their reading comprehension skills through the homework provided from us. Please check your child's bag on a weekly basis.

## Science

This half term we will be learning about '**Bulbs Plants and Seeds**'. The children will be learning what plants need to survive.

In the second half term, children will, be learning about various life cycles, including people and animals.

## R.E.

In our RE lessons we will be learning about the beliefs of Judaism. They will be learning about the use of the Torah in the Jewish community.

## Design and Technology/Art

In D&T we will be design a rocket, linked to '**The Way Back Home**' story so please could you start to send in kitchen roll holders, cardboard boxes and yoghurt pots. In 'Art' we will be using paint to create images from '**Tom and the Island of Dinosaurs**'.
